## 1. International Supply Chain Management

As market changes rapidly, your supply chain and logistics management has become increasingly significant in staying competitive in business. Logistics provides a single point of logistics management and information control for your global product flow. We focus on the total logistics process, striving to integrate all aspects of physical cargo movement, vendor and document management, information flow and visibility. We offer a range of options that meet the different needs of our customers in the entire supply chain. Customer can choose the different service options that serve their supply chain needs. This provides flexibility in optimizing the different aspects of your supply chain in response to the dynamic needs and changing environment.

## 2. Applying license (Both normal and MIC),MIC approval , MIC license ,tax exemption

In Myanmar it is import to get the import /export license first before the cargo arrival/departure to Myanmar .There are two types of license, non licensed items and licensed items. So if your cargo is included in non-licensed it is not a problem. But if your cargo is included in licensed items,it is important to get import license first. And this is for normal license.

There is also another type of license MIC (Myanmar investment commission) approved license. This is for the investment companies which invest in Myanmar. There are also complicated procedures for this investment companies. We are now running and applying MIC licenses and tax exemptions for many investment companies here in Myanmar. Our staff are well-experienced and trained in this field.

### 3. Trucking

Logistics provides flexible trucking services to our customers, including FTL (full truck load), LTL (less than truck load) in Yangon. We handle long and short haul trucking as well as multi-factory pickup. We also provide door-to-door services that help save you much time and cost. And we also provide the trucks and trailers from China border Muse to Yangon and Thailand border Maesot to Yangon .We are also providing the border trade service .And also for transportation of 20' 40'containers to all the regions of the country and project site.

### 4. Warehousing
